

Cry Analyzer

De app neemt het geluid van een baby die huult voor 5 seconden op en analyseert dit geluid vanuit een database van meer dan 200.000 babies. De app verteld je wat je baby's gehuil zegt over wat die nodig heeft en zo kun je het kind snel geven wat die wil.

Technology Impact Cycle Tool

Cry Analyzer

Impact on society

What impact is expected from your technology?

This category is only partial filled.

What is exactly the problem? Is it really a problem? Are you sure?

Baby's huilen veel, maar echt weten wat ze willen doe je vaak niet. Je bent daarom vaak te laat met het geven wat een baby nodig heeft en ondertussen blijven ze huilen. Als ouder/verzorger zou je daar natuurlijk helemaal gek van worden.

Wel kan je, met een beetje oefenen, ook zonder zo'n app leren wat de verschillende tonen en manieren van huilen van je baby betekenen.

Are you sure that this technology is solving the RIGHT problem?

This question has not been answered yet.

How is this technology going to solve the problem?

This question has not been answered yet.

What negative effects do you expect from this technology?

This question has not been answered yet.

In what way is this technology contributing to a world you want to live in?

This question has not been answered yet.

Now that you have thought hard about the impact of this technology on society (by filling out the questions above), what improvements would you like to make to the technology? List them below.

This question has not been answered yet.

Cry Analyzer

Hateful and criminal actors

What can bad actors do with your technology?

This category is only partial filled.

In which way can the technology be used to break the law or avoid the consequences of breaking the law?

Het bedrijf achter Cry Analyzer zou kunnen meeluisteren met wat er bij mensen thuis gebeurt.

Ook zouden ze persoonlijke gegevens kunnen misbruiken of doorverkopen.

Nog een mogelijkheid is het verkopen van data over het gehuil van babies voor onderzoek. Denk aan locatie, frequentie van huilen en oorzaken.

Can fakers, thieves or scammers abuse the technology?

This question has not been answered yet.

Can the technology be used against certain (ethnic) groups or (social) classes?

This question has not been answered yet.

In which way can bad actors use this technology to pit certain groups against each other? These groups can be, but are not constrained to, ethnic, social, political or religious groups.

This question has not been answered yet.

How could bad actors use this technology to subvert or attack the truth?

This question has not been answered yet.

Now that you have thought hard about how bad actors can impact this technology, what improvements would you like to make? List them below.

This question has not been answered yet.

Cry Analyzer

Privacy

Are you considering the privacy & personal data of the users of your technology?

This category is only partial filled.

Does the technology register personal data? If yes, what personal data?

Ik kan geen specifiek antwoord geven, omdat het niet in de privacy policy van het bedrijf staat.

Het gebruikelijke zou zijn: naam, e-mail, telefoonnummer, wachtwoord, naam baby, geboortedatum baby, locatie(?), frequentie van huilen, waarvoor de baby huilt, enzovoort.

Do you think the technology invades the privacy of the stakeholders? If yes, in what way?

This question has not been answered yet.

Is the technology is compliant with prevailing privacy and data protection law? Can you indicate why?

This question has not been answered yet.

Does the technology mitigate privacy and data protection risks/concerns (privacy by design)? Please indicate how.

This question has not been answered yet.

In which way can you imagine a future impact of the collection of personal data?

This question has not been answered yet.

Now that you have thought hard about privacy and data protection, what improvements would you like to make? List them below.

This question has not been answered yet.

Technology Impact Cycle Tool

Cry Analyzer

Human values

How does the technology affect your human values?

This category is only partial filled.

How is the identity of the (intended) users affected by the technology?

Door deze app hoef je geen tijd meer te steken in het leren van de verschillende geluiden die je baby maakt en de betekenis daarvan. Voor de baby geldt dat die vaak te snel geholpen wordt, waardoor die leert dat je altijd meteen alles krijgt waar je om vraagt, terwijl dat soms niet zo hoeft te zijn. Wel weten ouders meteen wanneer een baby pijn heeft en waaraan en die kunnen die pijn meteen verlichten.

How does the technology influence the users' autonomy?

This question has not been answered yet.

What is the effect of the technology on the health and/or well-being of users?

This question has not been answered yet.

Now that you have thought hard about the impact of your technology on human values, what improvements would you like to make to the technology? List them below.

This question has not been answered yet.

Technology Impact Cycle Tool

Cry Analyzer

Stakeholders

Have you considered all stakeholders?

This category has not been filled yet.

Technology Impact Cycle Tool

Cry Analyzer

Data

Is data in your technology properly used?

This category is only partial filled.

Are you familiar with the fundamental shortcomings and pitfalls of data and do you take this sufficiently into account in the technology?

-

How does the technology organize continuous improvement when it comes to the use of data?

This question has not been answered yet.

How will the technology keep the insights that it identifies with data sustainable over time?

This question has not been answered yet.

In what way do you consider the fact that data is collected from the users?

This question has not been answered yet.

Now that you have thought hard about the impact of data on this technology, what improvements would you like to make? List them below.

This question has not been answered yet.

Technology Impact Cycle Tool

Cry Analyzer

Inclusivity

Is your technology fair for everyone?

This category is only partial filled.

Will everyone have access to the technology?

This question has not been answered yet.

Does this technology have a built-in bias?

-

Does this technology make automatic decisions and how do you account for them?

This question has not been answered yet.

Is everyone benefitting from the technology or only a a small group?

Do you see this as a problem? Why/why not?

This question has not been answered yet.

Does the team that creates the technology represent the diversity of our society?

This question has not been answered yet.

Now that you have thought hard about the inclusivity of the technology, what improvements would you like to make? List them below.

This question has not been answered yet.

Technology Impact Cycle Tool

Cry Analyzer

Transparency

Are you transparent about how your technology works?

This category is only partial filled.

Is it explained to the users/stakeholders how the technology works and how the business model works?

Het is duidelijk dat je je baby's huil voor 5 seconden moet opnemen om te weten waar die naar vraagt.

Het is duidelijk dat de app een gratis proeftijd aanbied.

Het is niet duidelijk wat de app daarna kost of hoe lang de proeftijd is.

If the technology makes an (algorithmic) decision, is it explained to the users/stakeholders how the decision was reached?

This question has not been answered yet.

Is it possible to file a complaint or ask questions/get answers about this technology?

This question has not been answered yet.

Is the technology (company) clear about possible negative consequences or shortcomings of the technology?

This question has not been answered yet.

Now that you have thought hard about the transparency of this technology, what improvements would you like to make? List them below.

This question has not been answered yet.

Technology Impact Cycle Tool

Cry Analyzer

Sustainability

Is your technology environmentally sustainable?

This category is only partial filled.

In what way is the direct and indirect energy use of this technology taken into account?

-

Do you think alternative materials could have been considered in the technology?

This question has not been answered yet.

Do you think the lifespan of the technology is realistic?

This question has not been answered yet.

What is the hidden impact of the technology in the whole chain?

This question has not been answered yet.

Now that you have thought hard about the sustainability of this technology, what improvements would you like to make? List them below.

This question has not been answered yet.

Technology Impact Cycle Tool

Cry Analyzer

Future

Did you consider future impact?

This category is only partial filled.

What could possibly happen with this technology in the future?

Je hoeft nooit meer met je handen in het haar te zitten om een baby die niet stopt met huilen, tenzij de app onjuist is.

Je zult dus niet zo heel moe zijn en beter functioneren in het dagelijks leven.

Sketch a or some future scenario (s) (20-50 years up front) regarding the technology with the help of storytelling. Start with at least one utopian scenario.

This question has not been answered yet.

Sketch a or some future scenario (s) (20-50 years up front) regarding the technology with the help of storytelling. Start with at least one dystopian scenario.

This question has not been answered yet.

Would you like to live in one of this scenario's? Why? Why not?

This question has not been answered yet.

What happens if the technology (which you have thought of as ethically well-considered) is bought or taken over by another party?

This question has not been answered yet.

Impact Improvement: Now that you have thought hard about the future impact of the technology, what improvements would you like to make? List them below.

This question has not been answered yet.
