

NAME: Mobility Rental 

DATE: December 6, 2023 3:57 AM

DESCRIPTION OF TECHNOLOGY
 De applicatie is een administratie programma voor leasebedrijven. Hiermee moeten de verhuurde voertuigen bijgehouden worden, een rekening naar de klant gestuurd worden en het aankopen van een nieuw voertuig bevorderd worden. Dit laatste houdt in dat alle partijen die het voertuigen aanschaffen en aanpassen voor het...

HUMAN VALUES 

Niks promoten. Alle voertuigen die op de applicatie worden aangeboden krijgen evenveel aandacht en er worden geen auto's specifiek meer aangeboden of aantrekkelijker gemaakt. Zo blijft de keuze puur aan de gebruiker.

TRANSPARENCY 

Wij zouden een FAQ pagina kunnen toevoegen om meer duidelijkheid te geven over onderwerpen waar veel vragen over worden gesteld bij de klantenservice.

IMPACT ON SOCIETY 

Omdat onze applicatie gebruikt kan worden voor de verkoop van een fiets, maar ook voor bijvoorbeeld een vrachtwagen of auto, zullen wij adviseren bij de rental company bedrijven om voertuigen die beter voor het milieu te zijn te promoten. Hierdoor kan de applicatie toch wat meer focus krijgen op voertuigen die goed zijn voor de samenleving. Wij zouden hierbij kunnen helpen om de veiligere en schonere voertuigen eerder/bovenaan in de applicatie te laten zien.

STAKEHOLDERS 

We hebben al nagedacht over deze stakeholders omdat deze betrokkenen nodig zijn bij de businessflow.

SUSTAINABILITY 

Wij gaan bespreken of wij de on premise server zuiniger kunnen maken en alleen zuinige voertuigen te kunnen laten leasen.

HATEFUL AND CRIMINAL ACTORS 

Geen, aangezien hierboven staat beschreven dat het niet mogelijk is om ons platform te gebruiken voor haat of criminaliteit. Dit is voornamelijk omdat al goed nagedacht hebben over het inzien van persoonsgegevens.

DATA 

Niet van toepassing

FUTURE 

Wij denken niet dat Mobility Rental een negatieve impact zal hebben op de wereld. Wel kunnen wij bespreken met de product owner of we meer aandacht willen geven aan voertuigen die beter zijn voor het milieu.

PRIVACY 

we kunnen nog gebruikersvoorwaarden toevoegen om aan de gebruiker duidelijk te maken wat we verzamelen en waar dat voor gebruikt wordt.

INCLUSIVITY 

We zouden ons team aan kunnen passen en meer diversiteit in hebben zodat zeker met alle gebruikers in gedachte deze gebouwd kan worden.

HUMAN VALUES 

Now that you have thought hard about the impact of your technology on human values, what improvements...

If you think about the impact of this technology on human values and needs. If you think about how this technology affects the identity of the user, the autonomy of the user (can the users make their own decisions?) and the health and well-being of the user. If you think about all that, what improvement would you (want to) make? In the technology?...

TRANSPARENCY 

Now that you have thought hard about the transparency of this technology, what improvements would you like t...

If you think about the communication on the way the technology works and the businessmodel. If you think about the explanation on automatic decisions that are made. If you think about complaint procedures and transparency on possible negative effects. If you think about all that, what would you (want to) improve? In the technology? In context?...

IMPACT ON SOCIETY 

Now that you have thought hard about the impact of this technology on society (by filling out the questions...

If you think about the real problem this technology is going to solve. If you think about the ability of this technology to solve the real problem. If you think about possible negative effects and whether this technology will contribute to a world you want to live in. If you think about all that, what improvements would you make? In technology? In context? In use?...

STAKEHOLDERS 

Now that you have thought hard about all stakeholders, what improvements would you like to make? List them...

If you think about all stakeholders of this technology. If you think about stakeholders that are less obvious. If you think about the way certain stakeholders are affected by this technology and if you want to take them into consideration. If you think about all that, what would you (want to) improve? In the technology? In context? In use?...

SUSTAINABILITY 

Now that you have thought hard about the sustainability of this technology, what improvements would you like t...

If you think about the direct and indirect energy use and the materials that are used in the technology. If you think about the lifespan of the technology and the hidden environmental impact of the technology. If you think about all that, what improvements would you (want to) make? In the technology? In context? In use?...

HATEFUL AND CRIMINAL ACTORS 

Now that you have thought hard about how bad actors can impact this technology, what improvements would...

If you think about this technology being used to break the law, or avoid the consequences of breaking the law, or to be used against certain groups, or to attack the truth or to pit certain groups against each other. If you think about all of that, what improvements would you (want to) make? In the technology? In context? In use?...

DATA 

Now that you have thought hard about the impact of data on this technology, what improvements would you...

If you think about the limitations of data. Things like subjectivity, incomplete datasets and so on. If you think about the way new insights are handled. If you think about the sustainability of the collection of data or the data that is collected from the users. If you think about all that, what would you (want to) improve? In the technology? In context?...

FUTURE 

Impact Improvement: Now that you have thought hard about the future impact of the technology, what...

If you think about an utopian and a dystopian scenario. If you think about the way this technology can change the world. If you think about the consequences of a different party buying your technology. If you think about all that, what would you (want to) improve? In the technology? In context? In use? ...

PRIVACY 

Now that you have thought hard about privacy and data protection, what improvements would you like to make?...

If you think about this technology invading someone's privacy or collecting personal data and if you think about the way this technology is compliant with prevailing law and mitigates dataprotection risks and concerns. If you think about all that, what improvements would you (want to) make? In the technology? In context? In use?...

INCLUSIVITY 

Now that you have thought hard about the inclusivity of the technology, what improvements would you like to...

If you think about accessibility to this technology. If you think about built in biases or automatic decisions that may be biased. If you think about who is benefitting from this technology and the diversity of the team that creates the technology. If you think about all that, what improvements would you (want to) make? In the technology? In context? In use?...
