

Silhouettes in Decay

The issue is the invisible impact of online pornography overconsumption: it leads to dehumanization, shame, and addiction, yet these effects remain abstract and unspoken. I aim to develop a generative AI solution to make this personal and societal toll visually tangible, enabling users to confront their own role in it.

Technology Impact Cycle Tool

Silhouettes in Decay

Impact on society

What impact is expected from your technology?

This category is only partial filled.

What is exactly the problem? Is it really a problem? Are you sure?

Ja, deze installatie maakt de vaak onzichtbare gevolgen van porno-overconsumptie zoals ontmenselijking, schaamte en verslaving visueel en voelbaar. Het doel is niet te oordelen, maar om mensen aan te zetten tot zelfreflectie en bewustzijn.

Are you sure that this technology is solving the RIGHT problem?

This question has not been answered yet.

How is this technology going to solve the problem?

This question has not been answered yet.

What negative effects do you expect from this technology?

This question has not been answered yet.

In what way is this technology contributing to a world you want to live in?

This question has not been answered yet.

Now that you have thought hard about the impact of this technology on society (by filling out the questions above), what improvements would you like to make to the technology? List them below.

This question has not been answered yet.

Technology Impact Cycle Tool

Silhouettes in Decay

Hateful and criminal actors

What can bad actors do with your technology?

This category is only partial filled.

In which way can the technology be used to break the law or avoid the consequences of breaking the law?

Dat is niet van toepassing. De installatie verzamelt geen data en kan niet worden ingezet voor illegale doeleinden. Alles gebeurt lokaal en tijdelijk binnen een kunstzinnige context.

Can fakers, thieves or scammers abuse the technology?

This question has not been answered yet.

Can the technology be used against certain (ethnic) groups or (social) classes?

This question has not been answered yet.

In which way can bad actors use this technology to pit certain groups against each other? These groups can be, but are not constrained to, ethnic, social, political or religious groups.

This question has not been answered yet.

How could bad actors use this technology to subvert or attack the truth?

This question has not been answered yet.

Now that you have thought hard about how bad actors can impact this technology, what improvements would you like to make? List them below.

This question has not been answered yet.

Silhouettes in Decay

Privacy

Are you considering the privacy & personal data of the users of your technology?

This category is only partial filled.

Does the technology register personal data? If yes, what personal data?

Nee, er worden geen persoonsgegevens verzameld. De installatie reageert enkel op handelingen van de bezoeker, zonder iets op te slaan of te herleiden tot een individu.

Do you think the technology invades the privacy of the stakeholders? If yes, in what way?

This question has not been answered yet.

Is the technology is compliant with prevailing privacy and data protection law? Can you indicate why?

This question has not been answered yet.

Does the technology mitigate privacy and data protection risks/ concerns (privacy by design)? Please indicate how.

This question has not been answered yet.

In which way can you imagine a future impact of the collection of personal data?

This question has not been answered yet.

Now that you have thought hard about privacy and data protection, what improvements would you like to make? List them below.

This question has not been answered yet.

Technology Impact Cycle Tool

Silhouettes in Decay

Human values

How does the technology affect your human values?

This category is only partial filled.

How is the identity of the (intended) users affected by the technology?

Ja, de installatie is confronterend bedoeld. Het doel is om de bezoeker stil te laten staan bij eigen gedrag en keuzes, zonder te veroordelen. De boodschap is reflectief en bedoeld om bewustzijn te creëren.

How does the technology influence the users' autonomy?

This question has not been answered yet.

What is the effect of the technology on the health and/or well-being of users?

This question has not been answered yet.

Now that you have thought hard about the impact of your technology on human values, what improvements would you like to make to the technology? List them below.

This question has not been answered yet.

Silhouettes in Decay

Stakeholders

Have you considered all stakeholders?

This category is only partial filled.

Who are the main users/targetgroups/stakeholders for this technology? Think about the intended context by answering these questions.

Name of the stakeholder

studenten en kunstliefhebbers

How is this stakeholder affected?

-

Did you consult the stakeholder?

No

Are you going to take this stakeholder into account?

No

Did you consider all stakeholders, even the ones that might not be a user or target group, but still might be of interest?

-

Now that you have thought hard about all stakeholders, what improvements would you like to make? List them below.

This question has not been answered yet.

Silhouettes in Decay

Data

Is data in your technology properly used?

This category is only partial filled.

Are you familiar with the fundamental shortcomings and pitfalls of data and do you take this sufficiently into account in the technology?

Ja. Omdat de personages gegenereerd zijn via AI, let ik goed op de representatie. De beelden worden bewust gestileerd en vervormd, om te vermijden dat stereotypen of ongewenste bias de overhand krijgen.

How does the technology organize continuous improvement when it comes to the use of data?

This question has not been answered yet.

How will the technology keep the insights that it identifies with data sustainable over time?

This question has not been answered yet.

In what way do you consider the fact that data is collected from the users?

This question has not been answered yet.

Now that you have thought hard about the impact of data on this technology, what improvements would you like to make? List them below.

This question has not been answered yet.

Technology Impact Cycle Tool

Silhouettes in Decay

Inclusivity

Is your technology fair for everyone?

This category is only partial filled.

Will everyone have access to the technology?

This question has not been answered yet.

Does this technology have a built-in bias?

Dat risico is er altijd bij AI. Daarom kies ik voor karakters die vervormen en reageren op gedrag, niet op geslacht of etniciteit. De ervaring is zo opgebouwd dat iedereen zich aangesproken voelt, zonder iemand direct te representeren.

Does this technology make automatic decisions and how do you account for them?

This question has not been answered yet.

Is everyone benefitting from the technology or only a small group?

Do you see this as a problem? Why/why not?

This question has not been answered yet.

Does the team that creates the technology represent the diversity of our society?

This question has not been answered yet.

Now that you have thought hard about the inclusivity of the technology, what improvements would you like to make? List them below.

This question has not been answered yet.

Silhouettes in Decay

Transparency

Are you transparent about how your technology works?

This category is only partial filled.

Is it explained to the users/stakeholders how the technology works and how the business model works?

Ja, bezoekers krijgen uitleg over de werking van de installatie. Er is geen commercieel doel of verdienmodel. Het is een artistiek project met als doel bewustzijn en gesprek, niet winst.

If the technology makes an (algorithmic) decision, is it explained to the users/stakeholders how the decision was reached?

This question has not been answered yet.

Is it possible to file a complaint or ask questions/get answers about this technology?

This question has not been answered yet.

Is the technology (company) clear about possible negative consequences or shortcomings of the technology?

This question has not been answered yet.

Now that you have thought hard about the transparency of this technology, what improvements would you like to make? List them below.

This question has not been answered yet.

Technology Impact Cycle Tool

Silhouettes in Decay

Sustainability

Is your technology environmentally sustainable?

This category is only partial filled.

In what way is the direct and indirect energy use of this technology taken into account?

Ja, de installatie is geoptimaliseerd om enkel de nodige berekeningen uit te voeren tijdens interactie. Alles draait lokaal, zonder zware AI-oproepen tijdens gebruik.

Do you think alternative materials could have been considered in the technology?

This question has not been answered yet.

Do you think the lifespan of the technology is realistic?

This question has not been answered yet.

What is the hidden impact of the technology in the whole chain?

This question has not been answered yet.

Now that you have thought hard about the sustainability of this technology, what improvements would you like to make? List them below.

This question has not been answered yet.

Technology Impact Cycle Tool

Silhouettes in Decay

Future

Did you consider future impact?

This category is only partial filled.

What could possibly happen with this technology in the future?

De installatie kan dienen als educatief of bewustmakend kunstwerk. De ervaring is heftig, daarom wordt context voorzien. De boodschap op het einde brengt alles samen: een moment van reflectie over onze eigen rol in objectificatie en verslaving.

Sketch a or some future scenario (s) (20-50 years up front) regarding the technology with the help of storytelling. Start with at least one utopian scenario.

This question has not been answered yet.

Sketch a or some future scenario (s) (20-50 years up front) regarding the technology with the help of storytelling. Start with at least one dystopian scenario.

This question has not been answered yet.

Would you like to live in one of this scenario's? Why? Why not?

This question has not been answered yet.

What happens if the technology (which you have thought of as ethically well-considered) is bought or taken over by another party?

This question has not been answered yet.

Impact Improvement: Now that you have thought hard about the future impact of the technology, what improvements would you like to make? List them below.

This question has not been answered yet.
